PHOTOS...

You will receive proofs of your child's cap/gown grad photo soon. The group photo will be a class composite of individual pictures available in an 8x10 format only. All the children (even those returning next year) get their photo taken. There is no obligation to purchase. Please check your child's indoor shoes to see if they still fit well. Your child is "growing up" and so are their little feet 😊

The children have been discovering science all year! The teachers have captured photos and will display them in the hallway and coatroom on May 14 and 15. Come see what your little scientists have been learning!
